*Ms. Purti Khanna*

PRT, Bal Bharati Public School, Delhi

FOR WINNING CBSE TEACHERS AWARD 2019-20

Ms Purti Khanna, has shown a steadfast commitment to her work. Her immense body of work validates her beliefs, core values and passion. Ms. Khanna has taken innumerable initiatives to make language teaching engaging and exploratory. The uniqueness and sincerity of her approach has made her an extraordinary teacher. Ms. Khanna is also an enthusiastic facilitator who is trained in 21c Core Skills and digital literacy. She has pioneered the first Literary Club, the Wordsmiths Club in her school.

S. K. BHATTACHARYA  
PRESIDENT

# छात्रों को सुनहरे भविष्य की ओर ले जाना ही शिक्षक का धर्म

जगरण संबोधिता, यहरी दिल्ली : छात्रों को उनके सुनहरे भविष्य की ओर शिक्षक ही ले जाता है। शिक्षकों का हमेशा यही प्रवास होता है कि उसके द्वारा पढ़ाए गए छात्र अपने भविष्य में हर बुलंदियों को चुपे, ऐसे ही शिक्षकों को सीधीप्रसरी इस वर्ष सम्मानित करने जा रहा है। पुष्टांजलि एन्कलेव स्थित डीएची पब्लिक स्कूल की प्रधानाचार्या रम्मी राज बिस्वाल व शालीमार ब्राग स्थित मॉडर्न पब्लिक स्कूल की प्रधानाचार्या अल्का कपूर, रोहिणी स्थित ब्राल भारती पब्लिक स्कूल की जीव विज्ञान विषय की शिक्षिका मृदु मारवाह और अंग्रेजी की शिक्षिका पूर्णा खना को सीधीप्रसरी 2019-20 अवॉर्ड सम्मानित

मर्मी राज बिस्वाल●

रोहिणी विज्ञान●

मृदु मारवाह●

पूर्णा खना●

किया जाएगा।

रम्मी राज बिस्वाल का कहना है कि जब तक शिक्षक छात्रों के दिलों से नहीं जुड़ेगा, तब तक शिक्षक छात्र के सुनहरे भविष्य की कल्पना नहीं कर सकता। शिक्षकों और छात्रों में कभी संवाद की कमी नहीं होनी चाहिए। रम्मी राज बिस्वाल इससे पहले भी कई सम्मानों

से सम्मानित हो चुकी है। उन्हें स्वच्छ विद्यालय पुरस्कार, प्रानसीआरटी से राष्ट्रीय अवॉर्ड, ब्रिटिश कार्डिसिल इंटरनेशनल स्कूल अवॉर्ड समेत दर्जनों अवॉर्ड मिल चुके हैं। वहीं, मॉडर्न पब्लिक स्कूल की अल्का कपूर ने बताया कि शिक्षक ही छात्रों के अच्छे भविष्य की नींव खोता है। हमने छात्रों के साथ एक सकारात्मक

संवाद स्वापित किया और आज हमारे स्कूल के छात्र हर क्षेत्र में आगे बढ़ रहे हैं। यह सब शिक्षकों के अद्यक्ष प्रवास का नतीजा है। अल्का कपूर को भी शिक्षा क्षेत्र में किए गए कामों को लेकर दर्जनों अवॉर्ड मिल चुके हैं। उन्हें राज्य शिक्षक अवॉर्ड दिल्ली सरकार द्वारा दिया जा चुका है। इसके साथ ही महात्मा गांधी सम्मान अवॉर्ड भी वह लंदन में सम्मानित हुई हैं। ब्राल भारती पब्लिक स्कूल की मृदु मारवाह और पूर्णा खना का कहना है कि शिक्षक ही छात्र के भविष्य की नींव खोता है। इसलिए जब तक उसके द्वारा पढ़ाए गए छात्र सुनहरे भविष्य तक नहीं पहुंचते तब तक शिक्षक चैन से नहीं बैठ सकता। दोनों शिक्षिकाएं इससे पहले भी काई पुरस्कारों से सम्मानित हो चुकी हैं।

**Ms. Akhila Arora**, Librarian was the resource person for online training session by CBSE (COE) on 26 October 2020.

# Understanding School Libraries

Purpose And Future

## Mission Of School Library

Students need School Libraries

- All children need a quality school library run by qualified professionals.
- The school library offers quality learning services, books and resources that enable all members of the school community to become critical thinkers and effective users of information in all formats and media.
- School library services must be provided equally to all members of the school community, regardless of age, race, gender, religion, nationality, language, professional or social status.

The Above statements are in accordance with UNESCO manifesto

## School Library Manifesto

In 1999 the International Federation of Library Associations and Institutions (IFLA) published the globally important UNESCO School library Manifesto which states:

The school library provides information and ideas that are fundamental to functioning successfully in today's information and knowledge-based society. The school library equips students with life-long learning skills and develops the imagination, enabling them to live as responsible citizens".

The goal of the school library is to ensure that

- All members of the school community have equitable access to books and reading,
- To information, and to information technology
- A school library uses all types of media like print and non print
- Is automated, and utilizes the Internet [as well as books] for information gathering.

## SCHOOL LIBRARIES IN THE 21ST CENTURY

- **Ms Sapna Makan ,TGT Maths** was a part of the committee involved for making the Sample Question Paper for the subject – Mathematics (Standard) for Class X AISSE 2021.
- The Immersive Media Experience Design (IMXD) Lab at IDC School of Design, IIT Bombay is conducting a study on the use of Mobile Augmented Reality to create AR Classrooms to support remote learning of Mathematics in middle schools. In the month of July and August 2020 **Ms. Sapna Makan TGT Mathematics** participated in the research study towards designing and augmented reality application that will enable real time collaboration among teachers and students. Once the App is developed our students will participate in the trial run for the same.

# POSTER - DATA DOES NOT LIE

## Data comparison, Ms Publisher/Ms Excel

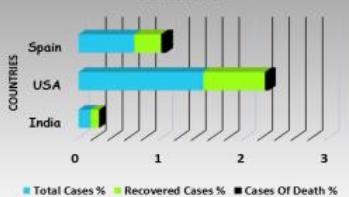

### A HUNDRED TINY EYES

Night descended upon the peaceful forest, and the full moon bathed it in ethereal white. The old Oak unfurled its leaves - a hundred tiny eyes peering curiously. They were most cautious; not ones to easily believe that the thunderous roar of chainsaws and tractors had truly been replaced by this wonderous quiet. But as they gazed in amazement, the forest came to life around them; the squirrels were chittering; the birds were back; the waters were clear! Satisfied that there wasn't going to be any logging, the eyes looked on in contentment, as the forest romanced the virus.

## NEUJAHR

Neujahrsfeiern beginnen überall in Europa damit, dass Eltern die Kinder abholen und dann beginnen die neuen und alten Menschen zu feiern. Diese Feierlichkeiten umfassen schwedische Konzerte, Polono und Karnevalsumzüge und dauern bis in die frühen Morgenstunden des ersten Januar dauer.

## JANUAR

## FASTNACHT

Was noch diegen der Fastnacht kommt wird eine Schwervergängung vorbei. Goldene gewählt zusammen mit einem Karnevalsparade, die im Grunde die Karnevalssaison einlädt. Die großen Feste gehen jedoch in die Woche vor Aschermittwoch statt.

## FEBRUAR

## ST.PATRICKS DAY

## FESTIVALS!!

Über den St. Patricks Day kommen viele Feierlichkeiten verschieden auf und werden beachtet. Von den USA, wo hier besonders große Dekorationen in vielen Städten sind, den USA und anderen europäischen Städten, Großbritannien, Irland, Australien, wenn es darum geht, einen Tag des Sonnenuntergangs.

Sehr populär zu feiern, der Irland als St. Paddy bekannt ist.

## MÄRZ

Das meiste passiert über Karneval und St. Patrick ist eigentlich in den Feiertagen passiert. Über 17 Jahre später hat sich das Festival, das ursprünglich im Karneval veranstaltet wurde, über die Jahre hinweg zu einer internationale, über 100 Länder weltweit verbreitete Feier entwickelt. Ein Beispiel dafür ist der Karneval von Rio de Janeiro, das jährlich eine der größten Karnevalsfeiern auf der Welt ist.

### A STORY TO TELL

TRAVELS ACROSS  
THE GREAT EXPANSE  
OF INDIA

A story to tell of the journeys we made,  
Through the clear blue skies and the hilly shade.  
Get started to be on a virtual trip  
To the places you just cannot skip!  
You will explore the Tso Morari of the north  
To the holy Badami in the south  
Be ready to experience the divine Tanot in the west  
With Nagaland in the east during the Hornbill Fest

### AT INDIA'S CROWN: TSO MORARI, LADAKH

All of a sudden out of slumber,  
decided to go on wander.  
Cold desert was where we would go  
To the land of Ganesha but the lairs  
you knew.

Packed from Udaipur in a jet we flew away,  
Over the high mountains to meandering  
Lahs.  
The air was rare, we chose not dare to  
venture out for the rooms.  
The tents were beautiful where we had to stay  
A degree was the temperature of the day  
Few days we took to acclimatise  
Last our stranded lead to somebody's demise

Finally we moved out to sit around,  
the beauty which was all around  
Out as we came it was a gawping sight  
With stupas, memorials and the Leh Palace  
high.  
Market was a buzzing sight.

With people from all over the world walking  
in delight.  
In traditional attire was the market  
around  
Men and women in their Goncha, Tipi,  
Kurkar, Sorma milled around.  
Fragrance of food could be smelt afar,  
From the doors and windows left afar;  
Dukpa, Tingmo, Skyu, Shapak... to fill  
our tummies tight.  
Without electricity, we had to spend the  
night

Finally the day had come for the move  
To the Tso out of the tourist route.  
Long and dusty was the drive,  
Along the Indus and Himalayas high.  
Blue was the sky and mountain brown,  
after all it was India's crown.  
Encountered was Shy the palace old,

Namgyal ruled from there the complete  
fold.  
Along the palace was the monastery  
found;

Which Shakyamuni in his Benevolence  
brought.  
Magnificently on a hillock was Hemis next  
with thangkas, statues and stupas almost

Along the winding ways we drove  
To the hot springs of Chumathang.  
Along the pathways we saw the wild asses  
and padding goats in their robes.  
Few shy leeks did pray around only to run  
away on the home stretch.

The ride on road gave the majestic view  
The crystal clear water was beautiful blue.  
The barren landscape surrounded the lake  
with freezing cold water and pebbly beds.  
Mountains rose from banks high  
the sun played hide and seek from the  
cloudy sky.

The water and sky met at the horizon  
with shades of blue all in blue.  
Fromn though the Tso was all winter  
but the water glimmered in summer.  
At a distance was the settlement of Karzom  
with herds of its yak and ibex.  
Road meandering on the banks had some  
tent of nomads

fire burning could be seen far a new

we could smell the aroma of the stew.

What wonder the God had made  
Place as pristine as which lairs prayed.  
Never would the moment go  
for whom would the heaven is such would  
we know!

SHARANYA SAH  
28'

### THE FIESTA OF NAGALAND: HORNBILL FESTIVAL

You will not believe!  
That we ate 20 latents, yes, latents by  
the whole!  
The Sikkimans were not that bad either,  
Though they tasted like unashed boiled  
potatoes!  
And were with better with a side of  
purple tomatoes.

The next day,  
There was a Pineapple eating contest!  
Which was so fun to watch,  
The winner eating almost 5 pineapples,  
Up next, a bland jokola eating contest,  
you know.

The bland jokola, the hottest chills in the  
world! Imagine That!  
The locals didn't participate  
For they were used to it now,  
The title holder ate a whooping four  
chilled!

Well, we bet you never ate one accidentally  
thinking it was a piece of a red bell pepper,  
it burned like devil, I tell you!

The Nutgall tea was the most delicious,  
It is not actually, made of tea leaves at all,  
But an endemic indigenous plant.

If we had to describe the taste,  
It would be as if, lemon tea and grape  
juice had a baby.

If we had a choice, we would have  
brought gallons with us.

There was lots to buy!  
And we over-spent at almost every shop  
And now we have dozen of Naga hair  
bands, bracelets, fridge magnets and  
necklaces,

Its the souvenir, the momento  
That counts, it reminds you of the  
memory.

And we will cherish ours forever,  
For now it was time to leave.  
We were about in tears,  
And all the sounds of the festival  
Were still ringing in my ears,  
Time truly flies by,

We didn't want to leave,  
But we did, never to forget,  
Our time in Nagaland

JYoti SANGANWAL

# TEACHERS DAY

Teachers Day was celebrated in Virtual Assembly for classes Ps-XII. The Pre-Primary students dressed up as teachers and shared their gratitude towards the teachers through poem recitation, songs or dance. The students of Primary Department made greeting cards with messages for their teachers exchanged through a video presentation. Middle department shared messages about their teachers through PPTs. Students of Senior Department shared odes to their teachers in creative ways by composing poems.

# Teachers Day – Pre-Primary & Primary Department celebrated

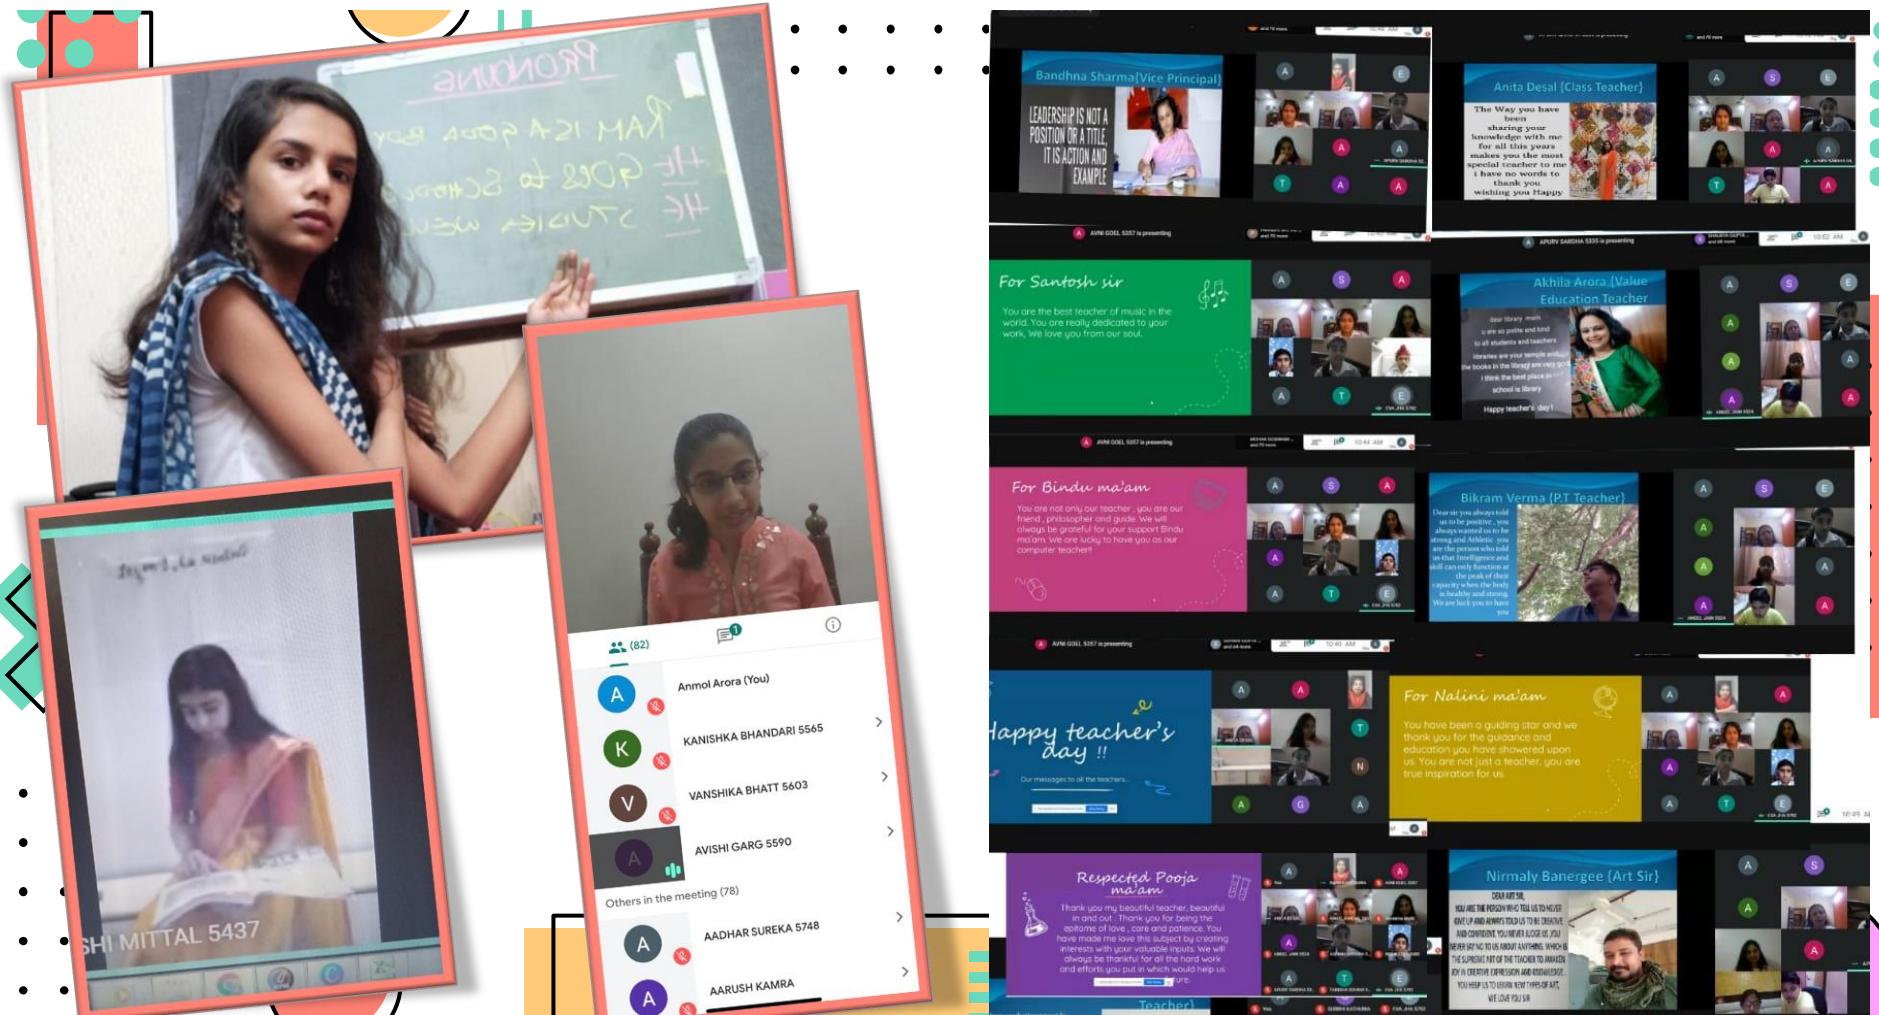

HAPPY TEACHER'S DAY

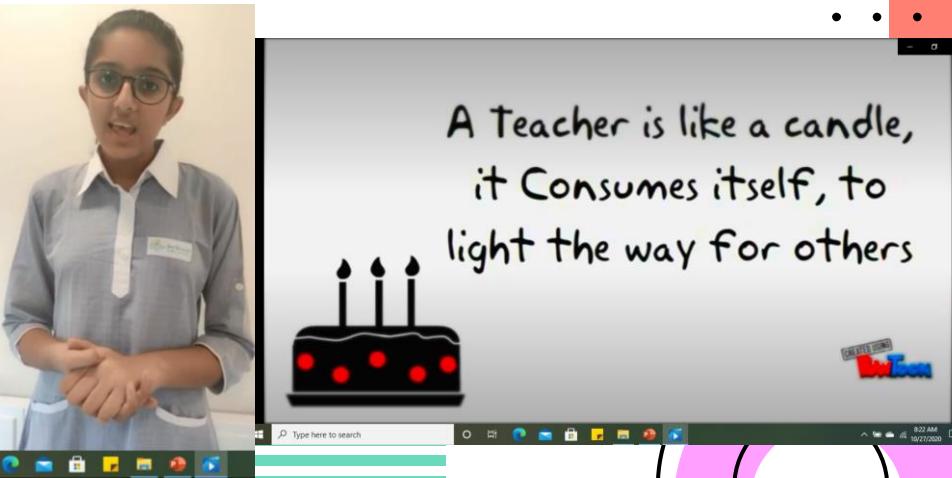

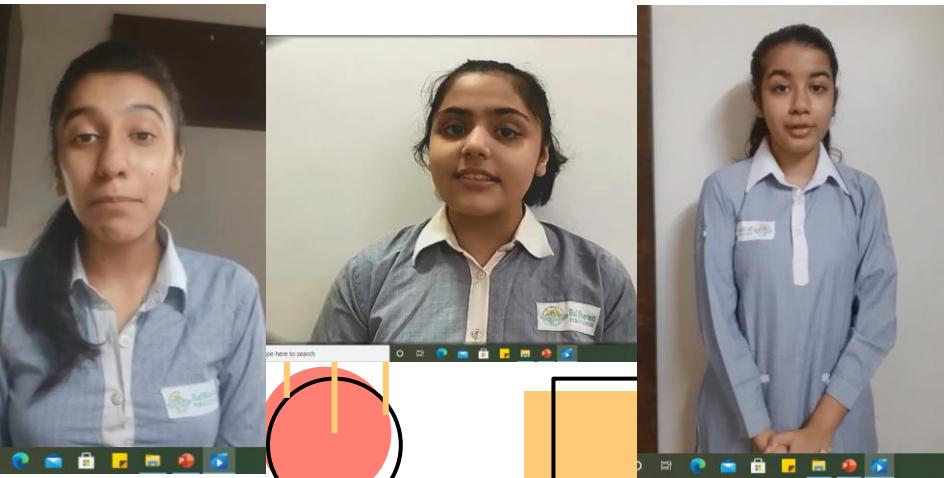

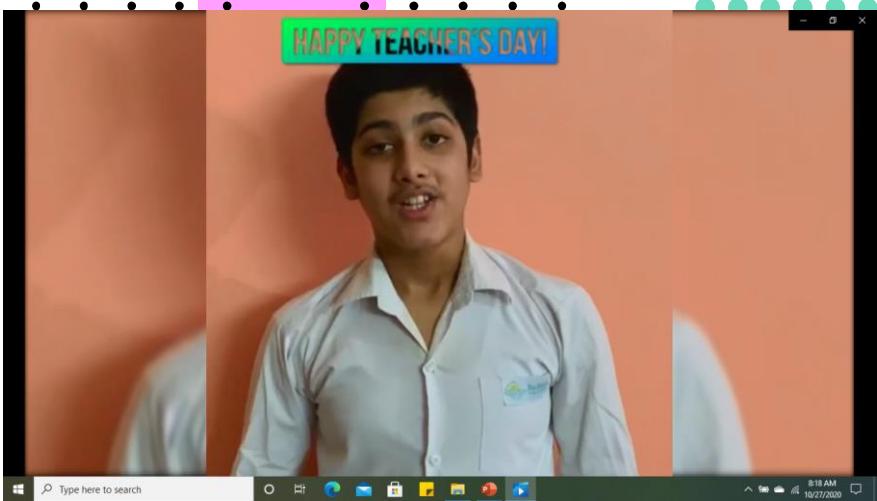

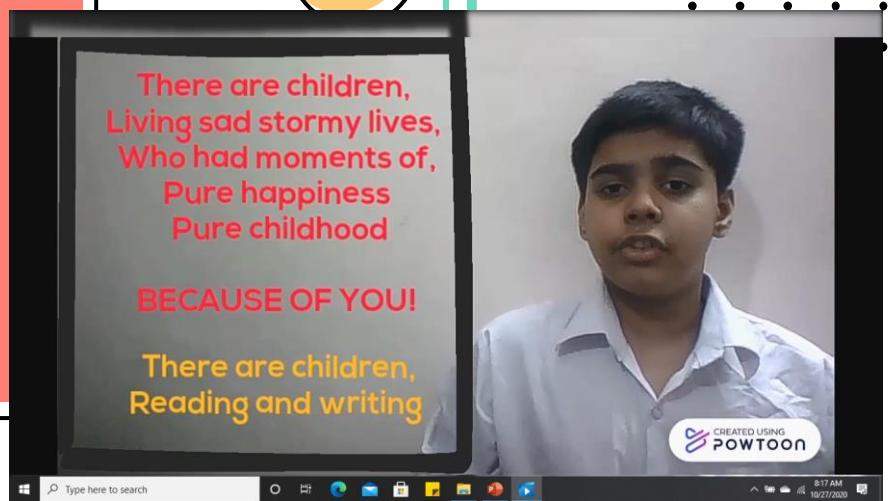

Wishing you joy and happiness, you are an amazing teacher, and you only deserve the best. You are the spark, the inspiration, the guide, the candle to my life. I am deeply thankful that you are my teacher. Books, sports, homework and knowledge, you are the pillar of our success and in the classroom, you are the best.

# Investiture Ceremony

Virtual Investiture Ceremony was organised on 26 September, 2020. The Chief Guest for the occasion was **Ms. Tapasya Raghav, Secretary Power, Urban Development of UT DNH, IAS 2013 batch and alumnus of BBPS, Rohini (2005)**. The programme began with a prayer and lighting of Ceremonial Lamp digitally. It was followed by Adjournment of the Prefectorial Board 2019-20. The Presidents of session 2019-20, Bhavya Bhatia, Garima Shrivastava and Sabhya Gupta, Class XII, shared their experiences and initiatives. The newly inducted Prefectorial Board was introduced to the audience through a PPT. The newly elected Presidents, Purushottama Chhabra and Aayush Vadhera addressed the gathering and promised to take the flag ahead and higher. Thereafter, all the prefects took Oath to uphold the vision and mission of school. The Chief Guest, Ms. Raghav spoke about her journey to the present position of power in governance and on the burning issue of gender bias experienced by her. The Principal shared the detailed process of selection and advised the Prefectorial Board to shoulder their responsibilities in the challenged world of pandemic with diligence.

# ACTIVITIES WITH INTERNATIONAL DIMENSION

# GENERATION GLOBAL : (Tony Blair Foundation)

Following Video conference were held during the period under the report.

DATE	PARTNER SCHOOL	TOPIC	FOCUS POINTS
31 Aug 20	Iconic School, Mumbai	Peace and Reconciliation	Ideas of peace and reconciliation were shared
17 Sept 20	SMP Islam Amalina (Indonesia)	Faith Values and communities	Ideas about the beliefs and values that hold their communities together were shared.
25 Sept 20	Canisius Senior High School (Indonesia)	Power of Narrative	Narration of stories from their culture ,folk fare and day to day lives.
16 Oct 20	City Montessorie School, Mahanagar , Lucknow	Identity & Belonging	Ideas about identity formation & its social relevance were discussed.
21.10.20	PrepaTec Campus Ciudad de México (Mexico)	Understanding Extremism	Sharing definition of extremism and situations in which it is experienced

Some important messages about dialogue

- Dialogue is as much about listening as it is about speaking
- Everyone enters the dialogue as a unique individual
- Dialogue involves being generous
- You're here to learn more about one another
- Be self-aware
- Own it!

# WORKSHOP FOR STUDENTS

Entrepreneurship and Innovation for classes XI & XII by Fampay, on 01 August 2020 conducted by Mr Sambhav Jain

# SESSION ON GAMING BY LEARNING LINKS FOUNDATION

04 Aug 2020, by Mr Shubham Pandey, ATAL Innovation Mission , NitiAyog , Dell Technologies and Learning Lonks Foundation for Classes VI to X

The screenshot shows a video conference interface. At the top left, there is a red 'REC' button and a small profile picture of the presenter, Shubham Pandey. The main video frame shows a woman with dark hair, wearing a grey blazer over a white top, standing in front of a computer monitor displaying a game development interface. To her right is a bookshelf with books and a globe. A message at the bottom of the screen states: "HEMAKSHI PRASAD 5393 has left the meeting". Below the video frame, there are several control icons: a microphone, a phone, a video camera, and a checkmark. To the right of the video frame, there is a sidebar with the title "SESSION ON GAMING BY LEA...". The sidebar lists participants in a grid format, each with a colored circle icon (red, purple, blue, green, grey) and their names: AKSHAT SHARMA 4872, HEMAKSHI PRASAD 5393, Shubham Pandey, ABHISU KUMAR 6956, VARSHA KRISHNAN (You), AAKRITI SINGH 5906, AAROHI JAIN 5809, AARUSH KAMRA, ABHINAV AWASTHI 5203, ABHISHU KUMAR 6956, ADIT SINGH 6046, ADITYA BHAGAT 5104, and ADITYA KAKKAR 5452. There are also buttons for "People (62)", "60", and "Chat (101)". At the bottom right, it says "Shubham Pandey is presenting". The bottom of the screen shows decorative borders in red, teal, and pink.

# WORKSHOP FOR STUDENTS

Prevention  
of child  
Sexual  
abuse by  
Amoli Trust,  
NGO for  
classes IV &  
V on 12 & 19  
Sept. 2020  
respectively

The collage consists of three screenshots from a video conference, likely Google Meet, illustrating the workshop content:

- Top Left Screenshot:** A slide titled "JUST 4 SIMPLE STEPS" featuring four cartoon children. The video interface shows a list of participants and a "Meeting details" section.
- Top Right Screenshot:** A slide titled "How Do You Feel?" with cartoon characters. The video interface shows a list of participants and a "Meeting details" section.
- Bottom Left Screenshot:** A slide with a large yellow emoji face looking confused, with the word "CONFUSED" written above it. The video interface shows a list of participants and a "Meeting details" section.
- Bottom Right Screenshot:** A slide with text: "Unsafe touch is the opposite of safe touch. It might feel uncomfortable to you. It can be a touch to your private body parts." Below the text are illustrations of children and adults. The video interface shows a list of participants and a "Meeting details" section.

## Why boys can't play with dolls?

- There's no such thing as boy toys or girl.
- The beauty of a doll is that you can watch a child's imagination go where it wants to without limits. Some days that doll will be a baby, others it's an airplane, or even a ball
- Boys playing with dolls helps them break the outdated view of a "man's role" by teaching them responsibility, nurturing and even making them more open-minded as adults

He plays with dolls because one day he will become a confident, loving, nurturing father, uncle, big brother, friend or partner.

A screenshot of a Zoom video conference interface. On the left, there is a vertical column of participant icons with initials (S, V, A, M, V, A) and names (You, PREETI TULI, DHRUV KHURANA 5..., VISHV SANDHU 5161, KRISH SEHGAL 5135, ARCHIT SINGH 5221, PRATHU CHADHA 5..., LAKSH SINGLA 5168, MANAN GOEL 5115, MADHUR BANSAL 6..., VRAZESH KALWANI ..., APNAY KI JURANA 6...). The main area shows four participants in their video feeds. The top row shows a woman in a yellow sweater and a man in a grey t-shirt. The bottom row shows two men, one with dark hair and another with glasses.

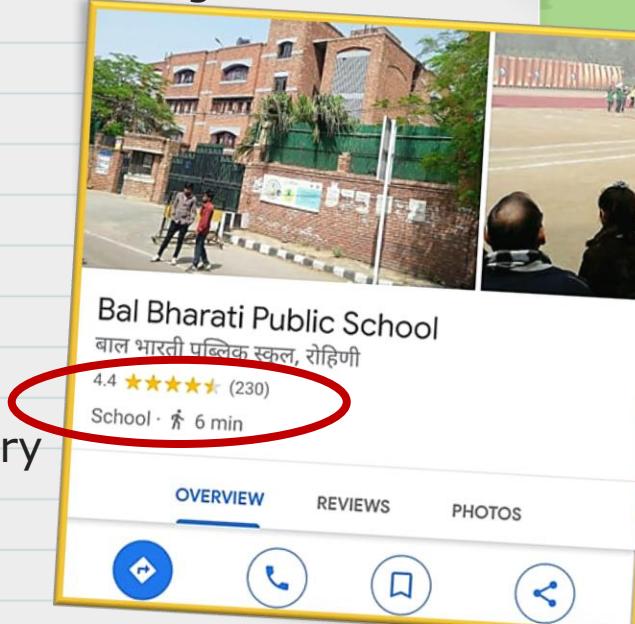

# BRANDING INITIATIVES

School has constituted an internal Digital Brand Team in August 2020 to improve the presence of BBPS brand on social media. As the first task , the team worked on improving the rating of the school on Google platform. I am happy to share that the rating of the school on Google has raised from 3.6 to 4.4.

Members of the Digital Brand Team are-

- Ms Namrata Markan ,PGT English (Convenor)
- Ms Shefali Gupta, PGT Computers
- Ms Surbhi Bhardwaj , TGT Computers
- Ms Punita Verma,TGT Maths
- Ms Vinita Manchanda ,Asst Teacher Pre-Primary
- Ms Meenu Sharma ,Assistant Teacher Primary
- Ms Ritika Kalra, Computer Assistant

# Examination & Assessment Reforms in Pandemic times

The school has introduced following examination reforms for the smooth conduct of online Half Yearly Examination for Classes VI- X from 30th September 2020 to 15th October 2020.

- The exams were conducted in three parts Objective Assessment, Subjective Assessment and Oral Assessment.
- Teacher were guided for innovation in question Paper designing by Principal, Vice Principal and Faculty heads.
- Question papers were moderated by HODs.
- A conducive environment was provided to CWSN- Separate Google meet link and extra time.
- Students of the secondary department participated in the **counselling sessions on examination tips and integrity** during examination conducted by counselor Ms Sangeeta Chopra on 12 & 19 September 2020.
- **Summary Yarn-** A brief assessment e-card for Pre- school and Pre- Primary students was issued in the month of October 2020.

**Summary Yarn of - (Name of the student)**

**Pre School \_\_\_\_\_  
(2020-21)**

Namaskar  
Dear Parents,

Developmental milestones are an important way to measure a child's progress in several important areas. Knowing the developmental milestones helps us understand the children better to work towards their all-round growth and development.

Since, COVID-19 pandemic has disrupted the normal lifestyles of people across the globe, the virtual world has come to the rescue.

We, at Bal Bharati Public School Rohini, believe in providing an intuitive and attractive source of sensory stimulation to our young learners. Keeping this in mind, the school has started virtual circle time (online classes) from the month of June, 2020 where we have been engaging our children in creative and innovative activities to enhance their learning process. To further strengthen this active learning endeavour, we have been designing multiple - skill blended learning modules that are based on local and global themes. These are shared fortnightly with the parents and have been conscientiously prepared to let the parents take the wheel so that the continuity of child's learning cycle is maintained.

Teachers and Parents are constantly working together to make the learning process interesting for our young learners. Our tiny tots have recently completed 100<sup>th</sup> Day of Pre School on 18<sup>th</sup> September 2020, which was celebrated with some fun hands-on activities during their VCTs. As we stand at the threshold of midterm of the session 2020-21, we would like to share the Summary Yarn of your ward.

## **LET'S TALK ABOUT (NAME OF THE STUDENT):**

1. Takes initiative to attend the VCTs regularly. \_\_\_\_\_
2. Listens attentively and follows directions. \_\_\_\_\_
3. Participates actively in conversations. \_\_\_\_\_
4. Is Able to perform all the activities confidently. \_\_\_\_\_
5. Enjoys singing rhymes and listening stories. \_\_\_\_\_

**(Name of the student) is a self starter who enthusiastically takes initiative to make her/his online learning experience constructive and seamless.**

**Keep up the good work!**

**Your child is flourishing with self-paced remote learning.**

**Great Going!**

**Warm Regards  
Class Teacher:  
Date: 17.10.2020**

**SUMMARY YARN OF - (name of the student)**

**PRE PRIMARY - \_\_\_\_\_  
(2020-21)**

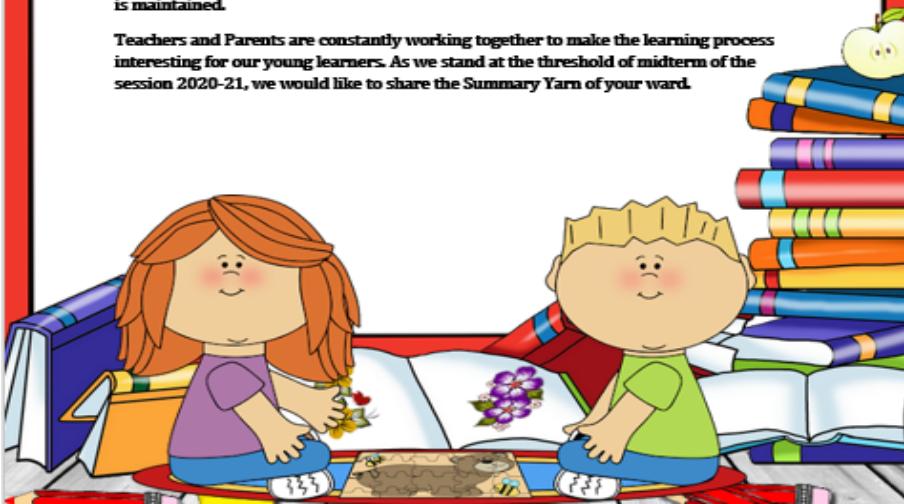

Namaskar  
Dear Parents,

Developmental milestones are an important way to measure a child's progress in several important areas. Knowing the developmental milestones helps us understand the children better to work towards their all-round growth and development.

Since, COVID -19 pandemic has disrupted the normal lifestyles of people across the globe, the virtual world has come to the rescue.

We, at Bal Bharati Public School Rohini, believe in providing an intuitive and attractive source of sensory stimulation to our young learners. Keeping this in mind, the school has started virtual circle time (online classes) from the month of June, 2020 where we have been engaging our children in creative and innovative activities to enhance their learning process. To further strengthen this active learning endeavour, we have been designing multiple -skill blended learning modules that are based on local and global themes. These are shared fortnightly with the parents and have been conscientiously prepared to let the parents take the wheel so that the continuity of child's learning cycle is maintained.

Teachers and Parents are constantly working together to make the learning process interesting for our young learners. As we stand at the threshold of midterm of the session 2020-21, we would like to share the Summary Yarn of your ward.

**LET'S TALK ABOUT (NAME OF THE STUDENT)**

1. Takes initiative to attend the VCTs regularly. \_\_\_\_\_
2. Listens attentively and follows directions. \_\_\_\_\_
3. Participates actively in conversations. \_\_\_\_\_
4. Is Able to perform all the activities confidently. \_\_\_\_\_
5. Stays on task and writes independently. \_\_\_\_\_

is a motivated and enthusiastic learner who takes an appreciable initiative to make her/his online learning experience constructive and seamless.

**Excellent efforts!**

**Your child is flourishing with self-paced remote learning.**

**Great Going!**

**Warm Regards  
Class Teacher:

# Sahodya Complex Activities

Indraprastha Sahodya and Delhi schools Sahodya started with weekly webinars for teachers of Sahodya members school on themes relevant to education w.e.f October 2020.

Principal was appointed as a member of the committee for planning and coordination of the same.

This meeting is being recorded. By joining, you are giving consent for this meeting to be recorded. [Privacy policy](#)

### EXAMINE AT THE MOLECULAR LEVEL

EQFI Learning outcome

Has no strategy to evaluate the decision and cannot define success or impact of the decision.

Has difficulty in evaluating what went well and what needed improvement against a set of criteria agreed.

Understands the criteria for success and can weigh up the decision taken against these and offer modification to the decision for better impact.

Is able to ensure that decisions suggested are meeting higher standards such as being ethical, just and sustainable besides being impactful and meeting all success criteria.

### ACTIVITY 1.5: LET THE DIAMONDS SHINE

EQFI Learning outcome

Breakout into groups and design rubrics which will allow you to observe and measure behaviours of students that align with the 21st century skills.

# PTA ACTIVITIES

# PTA – FELICITATION OF STUDENTS

PTA felicitated the  
meritorious students  
of AISSCE & AISSE  
2020.

The students received  
a power bank through  
Amazon,  
e-certificate & letter of  
Appreciation through  
email.

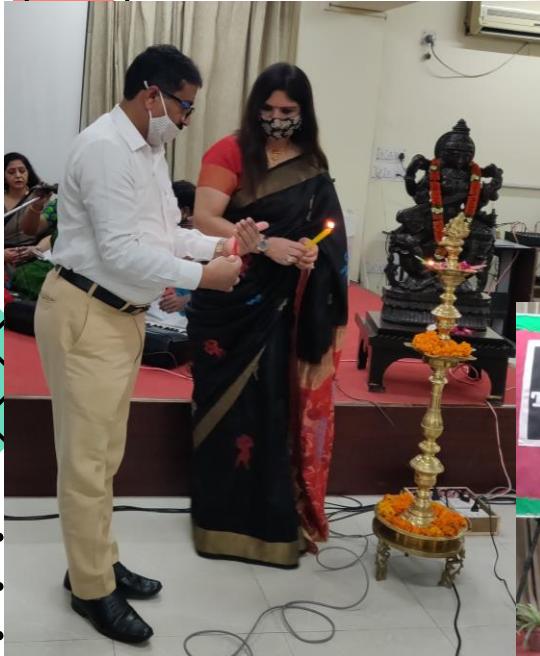

# PTA – FELICITATION OF TEACHERS

PTA felicitated following six staff members for completing twenty-five years of service with the school on 5 September 2020 in a small gathering organised in the school premises.

- **Ms Sunanda Vashisht , Asst. Teacher**
- **Ms Kiran Adya , Asst Teacher**
- **Ms Poonam Malhotra , Asst Teacher**
- **Ms Manisha Mathur , Asst Teacher**
- **Ms Jyotsna Sharma , PA to Principal**
- **Mr Bikram Verma , TGT Physical Education**

The staff members were felicitated with a stole, a planter and a memento sponsored by the PTA. The celebrations included a cultural programme put up by teachers, the celebration was joined by staff members through live telecast on YouTube : <https://youtu.be/GvU24iIqHvo>

नमस्कार आपको यथायोग्य आदर, आभार व सप्रेम प्रणाम, आप सभी को शिक्षक दिवस की हार्दिक शुभकामनाएं।

ज्योति इनकी जलाई कभी बुझ नहीं सकती।  
गुरु का हाथ हो सर पर, गरिमा मिट नहीं सकती।

जान देने वाले गुरु का वंदन है, उनके चरणों की धूल भी चंदन हैं।

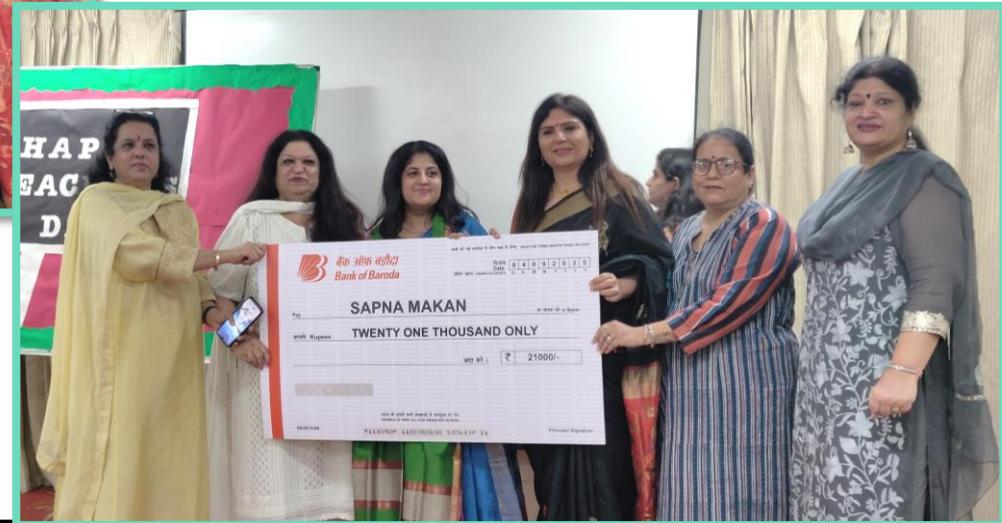

जीवन के हर अँधेरे में रोशनी दिखाते हैं आप।  
बंद हो जाए सब दरवाजे, नया रास्ता दिखाते हैं आप।

आप सब मेरे वे गुरु हैं जो मङ्गे आने वाले कल की चुनौतियों के लिए तैयार करते रहें हैं। आप सब मेरे लिए शक्तिपुंज हैं। मेरे मार्गदर्शक हैं।

आप सभी को मेरा पुनः कोटि कोटि प्रणाम तथा शिक्षक दिवस की हार्दिक शुभकामनाएं।

गीता गंगवानी

# A space to showcase your creativity

Here are some of the best "Journal Writing" and "Artivity" entries we received

Creative write-ups of **Sharanya Rohatgi**, VIII were consecutively published in August , September and October issue of The Young World of '**The Hindu**' in School.

### Resolve a fight with my cousin

If I had to redo one event in my life, that would be fighting with my cousin. It started with me asking my cousin sister to stop texting me when I was busy with chores. But she continued texting in spite of my warnings. It really annoyed me, and I angrily texted her back to stop bothering me. I also added a few angry emojis and asked her what she would have done, if she were in my shoes! She replied that she would have harmoniously texted me not to disturb her. She gave me a piece of her mind. Tears welled up in my eyes after reading her messages. We reconciled and cried together over this small but ugly misunderstanding. - Sharanya Rohatgi, Class VIII, Bal Bharati Public School, Rohini

### Build a treehouse

This weekend I'm going to do something very invigorating. I patiently waiting for this week to end. My parents are going out of town for a couple of days along with my best friend's parents. They have decided to let my friend stay at our place during that time. She would be here for three days! I am more than just excited. So, I have decided to complete building my treehouse with my playmate. We both had started making it last winter, but then left it unfinished. We would binge-watch, camp in our garden, go swimming and embark on many adventures. Both of us are impatiently waiting for the weekend because it is not every day that our parents go on trips together.

- Sharanya Rohatgi, Class: VIII, Bal Bharati Public School, Rohini

### Stumbled upon a fantasy castle

Today I took my beloved pet Donna, a female rabbit for a walk down the road. Wind was blowing on our faces and not a single soul was present on the streets. It was a lovely feeling. Just when we were about to turn back home, the ground began shaking and to my surprise, a castle arose from the earth. I rubbed my eyes to make sure that the castle was indeed real. Flabbergasted and afraid, Donna started growling. As I stepped forward into the castle, I was surrounded by an eerie silence. I felt like I was in some sort of a thriller movie. I rushed back home and narrated the entire event to my parents. They told me that I was hallucinating and the summer heat was playing games with me. But deep down, I knew what I had seen!

- Sharanya Rohatgi, Class VIII, Bal Bharati Public School, Rohini

## Focus on digital age education

is who il with ces in ile ses- ategoy -Gal- atrix ate for es 7-8, tition) tist for cinca- nd The initites

with a ity. It flection partici- inache thusi- se the like the nt who s.

Learning coding at an early age will help schoolchildren to prepare for jobs that don't even exist in the current market scenario

As the visionaries of the world have emphasised the importance of digital literacy as one of the most crucial skills for survival in the future, schools have already geared up to realign resources to make it their vision too. Readiness for the world of innovation and technical advancements dominated by the Internet of Things, robots & drones demands that learners are taught the skill of coding, not just to wade through the future waters but also to improve problem-solving ability and sharpen logical thinking. With accredited validation in NEP 2020, coding has been brought to the forefront.

Bal Bharati Public School, Rohini, and its apex body, Child Education Society, are committed to create infrastructure and conducive environment for coding and other upcoming courses like artificial intel-

ligence etc. The sessions on fundamentals of coding are conducted for children as young as Class 3. The computer faculty has been adequately empowered to take classes for the same. The school has collaborated with HT for the first of its kind coding initiative called HT Codeathon. From organising webinars for parents and students via tech experts to Coding Olympiads, we aspire to provide students with challenges to learn coding through interesting and engaging modules.

Geeta Gangwani, Principal, Bal Bharati Public School, Rohini

### 'SIGNIFICANT DRIVE'

In this fast evolutionary world, we need to be futuristic and innovative and the Codeathon, in my opinion, will encourage the creative and dynamic minds to pick up coding to give wings to their dreams and aspirations. Knowledge of codes at an early age will not only open the doors of opportunity but also will build an aptitude, which will eventually help them in solving real-life situations. Starting early is like half the battle won. This is a great initiative by HT, and I wish the organisers as well as the participants a huge success in their endeavour.

**Reema Rai**, Principal, Aravali International School, Sector-85, Faridabad

Coding is a basic literacy in the digital age. Even the National Education Policy has added a paradigm, making young children understand the technology around them. Coding helps children to be future-ready with skills like communication, creativity, and writing. HT Codeathon runs on a concept of project-based learning that takes learning-by-doing approach wherein students are active participants in their own educational development. They learn designing websites, animation, and coding in Python at their own pace, participate in simulations, conduct case studies, quizzes, & upload design research projects.

**Surbhi Bhardwaj**, Teacher, Bal Bharati Public School, Rohini

I am really grateful for this opportunity to learn coding. HT has given me a platform to explore and enhance my computational skills. It has encouraged and motivated me to initiate my interest in this field. I completed two units and enjoyed playing on it. The self-paced learning and video lectures are an asset to this course.

**Darsh Gupta**, Class 2, Hansraj Model School, Punjab Bagh

Principal's interview 'Guruvani' on the theme 'Developing 21 C skills and attitudes among learners' was published in the Hindustan Times in September 2020.

## GURUVANI

Geeta Gangwani, Principal, Bal Bharati Public School, Rohini

# 'Focus is now on grooming citizens equipped with skills and attitudes'

In these politically volatile times, should students be insulated from political upheavals? How do you inform/educate them about the changing scenario?

The UN recognises all children and young people as human beings who are the subject of their own rights.' Insulating students from political upheavals can be harmful for the future as it will deprive them not just of the experiential knowledge today but will also compromise their political intelligence. American author Alfric Kohn has said that children learn how to make good decisions by making decisions, not by following directions. So I believe that

children must be engaged in active discourse on political events of the country. But how to plan their political engagement is a matter that requires great caution and research.

How do you motivate children to be 'Green Citizens'?

Green Citizens are vital in upholding the SDGs and exhibiting environmental consciousness in day-to-day activities. In our school, children are engaged in activities organically woven into curricular and co-curricular domains. Eco warriors from different clubs create awareness through multiple campaigns and provide opportunities to work towards UN SDGs. Tree Plantation, cleanliness sensitisation workshops, environment marches, waste segregation, e-waste and solid waste management projects, campaigns to reduce single-use plastics, Shuchi Yamuna etc are some of the activities undertaken.

Our PM Narendra Modi, in his annual *Pariksha Pe Charcha* speech, repeatedly motivated the students by saying that they shouldn't just strive for high marks. Do you agree with the PM?

Indeed, I believe the same to be true too. As the educational landscape of the country undergoes radical

very progressive New Education Policy 2020, the orientation of stakeholders towards marks is expected to change a great deal. Earlier, and especially for the board classes, marks were deemed very important. However, the focus is now on grooming citizens equipped with capacities, skills, attitudes and values necessary to face every situation in life.

Pedagogy is changing by leaps and bounds every year. How do you keep pace with it?

I keep myself updated with the pedagogical innovations at all levels, by associating myself with some reputed portals, organisations like Cluster of local schools, British Council etc. Thereafter, I engage in the newly acquired tool of innovative practise by doing it myself. The practical aspect enriches my theoretical understanding and finally, I look forward to sharing it with my team.

How do you motivate students to take up sports as it is a vital part of school education these days?

To me, nothing is more of experiential in learning than sports as it moulds personalities and shapes thought processes that come from experiencing and coping real-life situations. I try to employ multiple strategies: Minimum fitness programme to be followed by all, HPE implementation in right spirit, class-wise sports day celebrations, monthly sports activity for PS to Class 3, incentives to achievers. I consider myself and my school fortunate to have a strong body of sports enthusiasts in the form of Sports Council. CES that formulates policies, building good infrastructure and engaging trained faculty to further the cause of sports in its every unit. The major highlight is the Annual All India BBPS Sports Meet organised with great fervour.

Where do you see your students/school 10 years from now?

in North Delhi and in the next 10 years, we aspire to rise higher and improve our rank. Ours is one of the best schools with state-of-the-art facilities, empowered faculty, IT-enabled hybrid pedagogy, equity and inclusivity and strong character building. We aspire to adapt proactively to today's changing demands. We look forward to extensive technology usage to be aptly balanced with humane connect in blended teaching and create the conducive environment to learn and excel.

Your profession has many challenges. What, in your opinion, is the toughest?

It's true that there are multiple challenges that rock the days of a principal but the same is true for leadership positions in all fields. In the fast changing Covid-19 driven world, many have been added to already full plates. For me, dealing with the changing mindsets of stakeholders is challenging as well as motivating. To encourage students to take onus of their own learning by being proactive members, to help parents look beyond marks and agreeing on building of capacities, skills & character, to empower teachers with latest techniques and concepts to initiate progression from 'assessment of learning' to 'assessment for learning' in true spirit -- could be listed as my present set of priorities.

Would you inspire your own children to take up this profession?

Undoubtedly. My earnest endeavour is to help my children to take up any profession of their choice and give back to society constructively in whatever way they can.

Teaching is an inspired

my only advice will be to embrace this profession only if they are passionate learners. The odyssey of a teacher is of endless learning.

Are you still in touch with your teachers?

Yes, I'm connected to teachers all through. A school will cease to rise if the institution head loses touch with its teachers. In fact, I have found it easier to connect with my teachers through online platforms.

Three inspiring words for your students.

Golden rule of happiness and success -- Be ready to Learn - Unlearn and Relearn.

# DBMCI Egurukul: EXPANDS THE DIMENSIONS OF YOUR LEARNING

Dr Nachiket Bhatia, CEO of Dr Bhatia Medical Coaching Institute (DBMCI), is leading the edtech scene in medical studies in India through the eGurukul app.

Dr Nachiket Bhatia

We cannot turn our backs from accepting the fact that e-learning has revolutionised the whole structure of imparting education by an amalgamation of digital technology and highly proficient faculty. On the same notion, Dr Nachiket Bhatia embarked on the journey of entrepreneurship by following his instincts to bring a profound transformation in the education system through virtual learning, while holding on to the roots of conventional learning.

Dr Bhatia Medical Coaching Institute (DBMCI), the parent company of eGurukul, was founded in 1996 by Dr Mukesh Bhatia, where he first brought the concept of PG medical coaching in India. In the year 2013–17, when the company went through an all-time low, Dr Nachiket Bhatia, who was then in his second year of MBBS, took the onus and entered the business to maintain its future sustainability. He visited several colleges to interact with students and worked closely with his faculties to improve academic structure and academic performance.

After years of immense efforts, the results finally paid off when DBMCI got first rank in NEET PG 2019 after a gap of seven years. Dr Ashraf Kesrani (Rank 1) and four other students occupied the Top 10 ranks of the entrance exam. Again, in 2020, Dr Shiv Kumar Sharma

ranked 1st in NEET PG 2020, while seven other students from DBMCI also made it to the Top 10. Dr Nachiket Bhatia credits his company's success to his phenomenal team and the support of his franchise partners and faculties who helped him to rebuild the company from scratch.

## Insights of eGurukul

The eGurukul app is DBMCI's brainchild. After six years of hard work and dedication, the app has become an indispensable part of the ever-growing edtech world. It is based on a unique concept that mimics the features of a traditional gurukul, where the students are cut off from every distraction and encouraged to focus on their studies. eGurukul manages and tries to fulfil every need of a student regarding their studies by providing complete question bank of latest pattern questions, tests and 800+ hours of videos. The most prominent feature in the app is its doubt solving feature, termed Medical Facebook, that connects students with faculties and friends to help them clear their doubts 24x7. The USP of the app is that you don't need any other platform if you have eGurukul.

The app also provides access to compelling blogs, articles and stories related to medical science to further expand students' knowledge in the arena. Other features like video lectures, question banks and performance evaluators increase the chances of cracking examinations, and also gauging performance during preparation.

Moreover, DBMCI is the only institute in the country to offer three different modes of teaching, including face-to-face and satellite centres, live online streaming (DBMCI LIVE) and recorded lectures (eGurukul app). Thus, the institute has proven to be the best bet for every medical PG aspirant. The eGurukul app crossed 1.35 lakh downloads in just six months as a new entrant in a market dominated by already existing players. Soon DBMCI plans to launch a programme for super speciality as well.

## An educationist, not a businessman

Dr Nachiket is a staunch believer in 'education for everyone'. He believes that money should never be an obstacle for any student who wants to study. To accomplish this vision, he has helped 2,000 economically challenged students this year by providing them free access to the eGurukul app. He empathetically states, "If any student needs help, all they need to do is ask and I will be there for them".

The ace entrepreneur says, "In spite of getting offers to sell the business at a lucrative rate, I thought of taking the legacy forward because of people associated with it. The people are the company, not vice versa." He concludes, "We should show gratitude towards good in our life. With the blessings of my mom and dad, I have carved a successful niche and achieved a tremendous success."

# COMMENDABLE ACHIEVEMENT FOR RECOGNITION IN FORBES MAGAZINE

**Nachiket Bhatia , Alumnus BBPS RH (Batch 2010) has been featured in Forbes Magazine .**
